## Types of Incentives

PFV India offers multiple income opportunities:

- Direct Referral Incentive
- Rank Based Auto Pool Incentive
- Working Level Incentive
- Daily Royalty Incentive
- Monthly Reward Incentive
- Re-Top-Up Incentive

### Direct Referral Incentive

For every direct referral, you receive an incentive of:

**₹750 per referral**

Rank Based Growth System

PFV India has a structured rank advancement system that rewards dedication and teamwork. This encourages members to share the opportunity and help others join the system.

### Rank-Based Auto Pool Incentive:

Keeping in mind that **the whole world is one family**, it is important to ensure the proper growth and development of every member of our family. Financial support plays a vital role in this development so that every member can live a life of **satisfaction, respect, and happiness**.

Only through **mutual cooperation and shared participation** can any family member achieve all-round development. With this noble objective, we have introduced the **Rank-Based Auto Pool Incentive System**.

To benefit from the **first Auto Pool**, you must introduce **three new eligible direct students** through yourself by paying a **nominal one-time fee of ₹3,540 (including 18% GST)**.

After qualifying for the first Auto Pool, to benefit from **each subsequent rank-based Auto Pool**, you must introduce **at least one new eligible student along with the required fee**.

Thus:

**3 Students (First Auto Pool) + 12 Students (Next Auto Pools) = Total 15 Students**. After adding these students, you will become **eligible for all the designated Auto Pool Incentives**.

Except for the **first Auto Pool incentive**, from the **second Auto Pool onwards**, the required amount for upgrading to the **next Auto Pool** will first be deducted. After this deduction, the **remaining incentive amount will be credited to you on a daily basis as per the Auto Pool Incentive Chart until the full amount is received**.

The **same process and rules will apply to the remaining 11 Auto Pool incentives**. After the completion of the **prescribed waiting period**, as mentioned in the **Auto Pool Incentive Chart**, the incentive benefits will **start being credited to you on a daily basis**.
